

ORO CLEAN® Plus

Concentrate for the disinfection, cleaning and deodorisation of dental suction units.

Intended Purpose

ORO CLEAN® Plus is a concentrate for the disinfection and cleaning of dental suction units and spittoon bowls.

Intended User

The product is intended for use by dental and healthcare professionals who have knowledge of the disinfection of medical devices. The product must not be used directly on patients.

Instructions for Use

For your protection, wear a laboratory gown, household gloves and safety goggles. Disinfect the suction unit daily or in accordance with local regulations. Rinse the suction unit thoroughly with water after surgical procedures and prior to disinfection. Prepare 2 litres of working solution according to the dosing table. Aspirate 1.5 litres of the working solution and pour the remaining 500 ml down the spittoon bowl. Leave to act. Rinse thoroughly with water after disinfection. Not compatible with aluminium, copper, galvanized steel, and polyurethane. A list of compatible and incompatible materials is available on our website. If you are unsure about the material composition of the medical device to be disinfected, contact the manufacturer before use. Any serious incident that has occurred in relation to the device should be reported to the manufacturer and the competent authority of the Member State in which the user and/or patient is established.

Limitation

FOR PROFESSIONAL USE ONLY. Not intended for use on invasive medical devices. Do not mix with other products. Ensure that all visible soiling has been removed before disinfection. Failure to adhere to these limitations may reduce the efficacy of the product, thereby increasing the risk of infection.

Handling

DANGER H290 May be corrosive to metals. H314 Causes severe skin burns and eye damage. H410 Very toxic to aquatic life with long lasting effects. P280 Wear protective gloves/protective clothing/eye protection/face protection. P301 + P330 + P331 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
